Dear Navarrete 5th and 6th Grade Students and Parents:

Welcome back, everyone! I'm excited to continue to teach here at Navarrete Elementary! I am a traveling music teacher and teach at Patterson and Auxier Elementary Schools in addition to Navarrete Elementary. At Navarrete, I see students in 5th and 6th grade who choose General Music. Some information about me: This is my 21st year teaching music after graduating from Indiana University in 1996. I've taught band, choir, and general music in all grades (K-12) in Washington State, Indiana, and here in Arizona. This will be my 14th year in Chandler.

Things we will begin learning about in 5th and 6th Grade General Music this year: classroom procedures, reading music (rhythm, pitch, harmony, and expression), hearing music and writing it down, music history, composers, creating music, composing music, styles of music, musical time periods, musical forms, timbre, texture, instruments, and feelings or emotions associated with music. Of course, we incorporate many academic skills (reading, writing, mathematics, geography, history, science, etc.) in class as well as character issues (attentive listening, appreciations, respect, etc.). Whew...it's a lot to do in four classes every 6 days!

Grading Policy: Behavior and Participation Grade

This grade is based on a self-evaluation done by the students. At the end of each class, your child is asked to display the level that represents their behavior that day. I will record the number and assign a grade. The levels are listed on the next page. Numbers are averaged and grades will be recorded at the end of each semester. Grades are on the following scale:

E (Excellent): 3.0 – 4.0

S (Satisfactory): 2.0 – 2.9

N (Needs Improvement): 1.0 – 2.0

Grading Policy: Content / Knowledge Grades

This grade is based on several different types of assessments (performance, written, observed, participation) given throughout the year. Each assessment will be graded using a **4-point rubric or scale**. The grades are averaged and grades will be recorded at the end of each semester. Grades are given on the following scale:

M - Meets Standard (3.0 - 4.0)	P - Progressing (1.5 - 2.9)	AC - Area of Concern (0.0 - 1.4)
The student mastered most of the knowledge and skill areas assessed during the semester.	The students mastered some of the knowledge and skill areas assessed during the semester and/or shows evidence of developing understanding or skill(s).	The student was unable to master the knowledge and a skill area assessed during the semester and/or shows little evidence of developing understanding or skill(s).

I hope this letter gives you a strong understanding of what your child will be doing in music class this year and how he/she will be graded. Please feel free to contact me any time by email, phone, or come by the school in the afternoon. Have a wonderful school year! ☺

Musically Yours,

Curt Landon
